ADDENDUM B – VIRTUAL HEARING REQUIREMENTS

Please be aware that protest and redress hearings conducted pursuant to the rules of RRS Part 5, Section B [Hearings & Decisions], and that misconduct hearings conducted pursuant to the rules of RRS Part 5, Section D [Misconduct] may be conducted virtually using Zoom or equivalent.

It is necessary that people participating in these hearings and meetings [parties, party representatives in misconduct hearings, and witnesses] have access to a device that has internet accessibility with audio and video capability. If someone participating does not have such a device, s/he will have to obtain access to and use of such a device from another person or have another person appear before the hearing committee in his/her place and stead in the case of protests or redress requests.

Note that people participating in virtual hearings must use audio and video in the presence of the hearing committee unless otherwise advised by the hearing committee. If a party or witness does not comply with this rule, the hearing committee may nevertheless decide the protest or request for redress as if the person did not come to the hearing [See RRS 63.3(b)], or take such action as is provided in rule 69 for a misconduct hearing [See RRS 69.2(f) and 69.2(k)].

Virtual Hearings may be conducted in accordance with the instructions provided below, a copy of which will be provided to the parties when a case is filed:

1. On the date of the hearing, and at least 10 minutes before the hearing is scheduled to begin, the parties, party representatives for misconduct hearings, and any witness a party intends to have testify during the hearing (collectively the “Parties”) are to join the virtual meeting.
2. All parties who will participate in a hearing are to have access to, and the use of, a device [computer, tablet, or mobile phone] that has internet accessibility with audio and video capability
3. The parties to a virtual hearing are responsible for having their witnesses, if any, and party representatives for misconduct hearings, present in the virtual meeting at least 10 minutes before the time of the hearing on the date of the hearing.
4. At that time, the hearing panel will tell everyone what the procedure will be for having parties, party representatives for misconduct hearings, and witnesses participate in the hearing. Note: Parties and witnesses must be in separate locations when party testimony is being given: if a witness is present when party testimony is being given, the witness will not be permitted to testify.
5. No audio or video recording of the hearing is to be made by anyone other than the hearing panel; the hearing panel will advise the parties if a recording of the proceeding will be made.
6. Parties must use audio and video when in the presence of the hearing panel unless advised otherwise by the hearing panel.
7. Parties and witnesses shall not communicate or share information with anyone other than the hearing panel by any means or technology during the pendency of the hearing except to testify or question a party or a witness.”
