

Howth Yacht Club Open Laser Frostbite Series

2018 / 2019

APPLICATION TO USE ELECTRONIC TRACKER

1. Electronic Race Trackers.

It is intended to make electronic tracker units available to competitors, which will be assigned to boats for each race on condition that they are fixed securely while racing and returned at the end of each day's racing.

Participation in the tracker scheme will be at the discretion of each helm. Those who wish to participate during the series will be required to apply for inclusion in the project and to provide a deposit of €120. The deposit may be provided by way of a cheque or by a credit/debit card number and will be returned on completion of the series for which the application was made, subject to no cause of claim against the deposit having arisen. Loss of, or damage to, a tracker while it is in the possession of a sailor shall result in forfeiture of the amount of €120 and exclusion of the sailor from future participation unless another deposit is provided. Junior sailors shall be required to have the application form countersigned by their parent / guardian.

Where the number of trackers available for any race is exceeded by the number of sailors who wish to use them on the day, the units shall be allocated in order of collection on each day.

Failure to return a tracker by the end of racing each day, or causing damage thereto, will incur a scoring penalty, without a protest hearing, equivalent to DNF for the race, or races, for which the boat failed to return or protect the device against damage. The scoring penalty shall be in addition to the loss of the deposit.

No liability shall attach to HYC or to the Organising Committee for defects in the tracker units or the tracking system. The Organising Committee reserves the right to terminate the use of the tracking system at any time, in which case deposits provided will be returned to the participating sailors unless forfeited for any reason.

2. Application

I hereby apply to be included in the scheme whereby electronic trackers will be made available to competing boats in HYC's 2018 / 2019 Laser Frostbite series.
