#### **1. RULES**

1.1 The event will be governed by the rules as defined in The Racing Rules of Sailing (RRS), the prescriptions of Irish Sailing (IS) and Melges 15 Class rules.

- The race committee intend to use the Vakaros RaceSense system to manage the starting sequence – The countdown clock will be automatically synced to each competitor device and if the competitor is on course side at the starting signal, an OCS message will be broadcast to their device. If the Race Sense software is being used, Code Flag R will be displayed. This changes RRS 41(c). Each boat shall have a working Vakaros (Atlas Edge or Atlas 2) configured for RaceSense at check in, and shall be mounted within 6 inches on the aft side of the mast at all times while racing.
- RaceSense information is available to all boats within the fleet.
- Failure of an Atlas device or the RaceSense system shall not be grounds for redress. This changes RRS 63.1, 60.1(b), 60.2(b) and 60.3(b)
- In the event of a technical glitch, the race team, at their discretion, may elect to run the race manually. In this case Code Flag R will not be displayed
- Distance to Line functionality available in Atlas 2 devices is not permitted. It is the responsibility of the competitor to turn off this function on their device prior to racing. This will be checked at registration and ad hoc during the regatta.
